Community Education Seminar

"Supporting Children with
Parents in Prison"

This unique seminar has been designed by our SHINE for Kids staff. By utilising over 30 years of experience in working with children and families affected by having a parent in the criminal justice system we have a clear understanding of the impact of prison on the child, their immediate family, and the community.

This program provides you with simple but proven effective techniques in assisting children who are affected when a parent goes to prison. Your understanding of the impact of parental incarceration will be greatly improved through our interactive workshops.

Our committed staff work closely with prisons in NSW, Victoria and the ACT with the child being the central focus of all our services.
